Dear Colleague:

I am writing to communicate my unqualified support of wal-Mart's application for deposit insurance, in order to start an industrial-loan company in Utah. I am appalled at the relentless attacks on wal-Mart, an organization, which treats its employees with dignity and respect. In addition, it sells its products at rock-bottom prices. These attacks are orchestrated by unionists, who rightly fear that their days are numbered. Please approve wal-Mart's application expeditiously.

Sincerely yours,

Mark A. Pullano
